

# Gold Analytics

## What do you need?

We are able to supply an array of reporting data in a variety of forms and platforms. Our staff is fully trained on our systems and Goldman Travel Corporation is committed to continually improving our systems to comply with industry trends and client needs.

## Clarity of information

Experience has shown that clear snapshot analysis of travel can point to further cost savings. As a result, Goldman Travel Corporation have implemented a monthly and quarterly report suite to enable clients to easily identify where their expenditure lies, where policy exceptions are occurring, measure booking behaviours and so on to assist in identifying where costs can be reduced.

## Recommendations

We provide detailed recommendations for potential further savings where available. By analysing travel purchasing patterns and behaviours over time we are able to provide relevant feedback to our clients to assist them in achieving a sustainable and robust travel policy, with high compliancy rates.

## A vital tool for Procurement Managers and financial staff

Our reporting suite has consistently been well received by our clients, from small businesses to multi national corporates. At Goldman Travel we believe that pertinent, practical travel spend data is essential to any level of business, and strive to provide tailored, relevant solutions for all our clients.

If you would like more information about our reporting offer, please email us at [sales@goldmantravel.com.au](mailto:sales@goldmantravel.com.au), call (02) 8333 7700 or call toll free on 1800 009 833.
